Kec. Lembang, Kab. Bandung Barat

Bachelor Degree of Informatics Engineering from Universitas Komputer Indonesia in 2023. I am very interested in keeping up with technological advancements, especially in the field of computers, and am always enthusiastic about expanding my knowledge by learning new things. I have a strong determination, diligence, and a high sense of responsibility. I also have experience in campus organizations, where I once served as the head of the entrepreneurship division in the Student Association.

## Education Level

---

<b>Universitas Komputer Indonesia - Bandung</b> <i>Bachelor Degree in Informatics Engineering, 3.13/4.00</i>	Sep 2018 – Feb 2023
